Wylde Audio Zakk Sabbath Overdrive

This limited edition of the Wylde Audio Overdrive comes bedecked in a special finish inspired by the Berzerker's tribute band Zakk Sabbath, an homage to the godfathers of heavy metal. On the inside, it's got the same guts, custom built for Zakk's loud, tough, and relentless riffs and leads. With a simple Output, Tone, and Gain control layout, setup is fast and easy so that you can concentrate on the important business at hand—kicking major sonic ass.
